

## Readme RAR files

To obtain C:\work\kv260-RISC-V-On-PYNQ\tutorial\tutorial Vivado project, extract tutorial.rar and tutorial.gen.rar inside it.

To overcome file size limit (25 MB) of Git, I reduced the dimension of Vivado 2022.1 project clicking with the right mouse button on synth\_1 (active) and selecting “Reset Runs”:

Deleted file will be recreated on next run of:

**Flow Navigator → Generate Bitstream:**

- ▼ PROGRAM AND DEBUG
  - Generate Bitstream
  - > Open Hardware Manager
